## **Title of the Practice**

Girl students' cooperative basis farming

## **Objectives of the Practice**

To hold hands of youth coming forward with unconventional ideas related to start-up

To encourage ecosystem conservation practices of living

## The Context

College has assisted its girl students for their start-ups through an initiative 'Urmi'. Agriculture based initiatives of youth require mentoring and encouragement. The initiative would catalyze change in the society.

## **The Practice**

A group of girls came forward with an idea of organic farming on cooperative basis. College supported their idea and extended financial support under the scheme Urmi. Mr. Madhav Satam, IQAC member and innovative farmer, undertook responsibility to mentor the girls and provided piece of his own farmland for students' initiative.

## **Evidence of Success**

Six girls worked in the field and learned required skills such as ploughing, mulching, manuring, harvesting etc. for sustainable agriculture. They have grown variety of vegetables and fruits. The revenue generated by selling the yield was distributed among the group.

## **Problems Encountered and Resources Required**

- The site and students' residence was far away. Expenditure on commutation was more.
- Unavailability of transport facilities and market for selling produce
- Sponsors

## Notes (Optional)

Higher Education Institutes in country side should take initiative to encourage students to think of agriculture as career option. College may support the students financially and can mentor them through collaborations with institutes with expertise in farming.

Date- 08/09/2021

The Principal,

To.

Shri. S. H. Kelkar College, Devgad.

Subject: Permission for cooperative basis farming of group of college girls at Shirgaon

A group of girls has approached Entrepreneurial Development Cell (EDC) with idea of cooperative basis farming as an innovative idea and planning. We have contacted IQAC member Mr. Madhav Satam, Shirgoan in this regard. He has expressed his interest in mentoring the group of girls for farming and assured to extend his support for required infrastructure.

The girls dream to do something different in life and we believe that this will definitely be a meaningful initiative. EDC have confidence in the aspirant girls that they will accomplish the project.

We request you to sanction your permission to start this project of cooperative basis farming at the Mr. Satam's site at Shirgaon and financially support the students for the same under our scheme Urmi.

Thanking you,

Sincerely

Ms. T.T.Lad

Member, EDC

## **Title of the Practice**

Vistarit Sendriy Sheti Spardha 2021-22 (Extended Organic Farming Competition 2020-21)

## **Objectives of the Practice**

To widen the span and of organic farming in the Devgad tehsil

To promote organic farming and awareness about harmful effects of chemical fertilizers and pesticides

## The Context

Taking into account positive response to Organic Farming Competition for students, it was decided to extend the same competition for farmers in villages associated with college under Unnat Bharat Abhiyan. Motive is to promote benefits of organic farming, encourage farmers and their wards to prefer farming over private jobs.

## **The Practice**

In the beginning of monsoon of 2021, the committee members of Sendriy Sheti Activity reached farmers through students and social media. Rules and conditions of competition were communicated. Timely monitoring of the progress was done by committee and experts. Reports of visits to fields were maintained. Participants were interviewed during visits about procedures and practices they followed for organic farming.

## **Evidence of Success**

A total of 78 farmers, of which 19 were college students, from Are, Salashi, Tirlot, Mithmumbai and Kunakeshwar villages participated in the competition. They followed regulations and grown crops organically. Near the time of harvest, experts visited fields. The result of competition was declared in June 2022 and cash prizes to encourage the organic farming were given in ceremony. The scheme was appreciated by ATMA, Sindhudurg

## **Problems Encountered and Resources Required**

- Remote regions
- Network issues
- Sponsors

## Notes (Optional)

Sustainable development of society through environment friendly practices such as organic farming is need of hour, thus HEIs should take initiative to encourage students to think of agriculture as career option through such competitions.

## Letter of Appreciation
