#### 15. Multidisciplinary / interdisciplinary

The college is offering education in various disciplines including Arts, Commerce, Science and Management. Recently, from year 2019, vocational degree courses in hospitality and tourism and health care were also started. The college is offering undergraduate level and post graduate level programmes. Also, provision for multiple entry and exit points is available for students of vocational degree courses. Being an affiliated college, rules and regulations set for various programmes by affiliating university are being followed. Conventional courses such as bachelor degree in arts, commerce, science as well as professional courses such as bachelor of information technology, management studies and banking and insurance are offered. We are seeking approval mumbai university for anoter vocational course under NSQF, Diploma in Food Processing. Also, certificate courses designed by college are offered to students for skill development and employability. Bonsai Making, GIS, e-Commerce etc. five different certificate courses were offered during the year.

Shri. S.K.Pantwalawalkar College of Education is sister concern of our institute. As an effort towards offering a dual degree programme, we have initiated process to collaborate with the said sister concern.

Programmes currently offered by college are:

1. Bachelor of Arts (Specializations available: Economics, English, History, Rural Development and Geography)
2. Bachelor of Commerce
3. Bachelor of Commerce in Banking and Insurance
4. Bachelor of Science (Specializations available: Physics, Chemistry and Botany)
5. Bachelor of Science in Information Technology
6. Bachelor of Management Studies

7. Bachelor of Vocational Course (Specializations available: Health care, Hospitality and tourism)

8. Master of Science in Chemistry (Specializations available: Organic chemistry and Analytical chemistry)

9. Master of Science in Physics (Electronics and Communication)

10. Master of Science in (Environmental Science)

11. Master of Commerce (Advanced Accountancy)

12. Master of Arts (Rural Development)

#### **16. Academic bank of credits (ABC):**

Taking into account the rapid changes in education system, college has started to take steps towards vocational education with multiple entry and exit points in line with National Skill Qualification Framework (NSQF). College has two vocational courses viz. Hospitality and Tourism, and Health Care. For both the courses, there are three entry points and three exit points. Also, one more course in food processing is in the process of approval from university. This course also will be in line with NSQF and offers multi entry and exit points.

Also, college has initiated the procedure to get register on the National Academic Depository (NAD). Also, students will be made aware of ABC and will be encouraged to register themselves on the NAD. Students will be given training to handle their NAD account and practice for depositing their documents such as SSC and HSC certificates on the NAD.

#### **17. Skill development:**

To instill skills required for employability, college has started to offer certificate courses in:

1. Bonsai making
2. e-commerce
3. Processing industry
4. Instrumental application
5. Advance Java

College conducts add-on course/ workshops to inculcate soft-skills among the students. Soft skills, computing skills, ICT skills etc. are being taught to students through various courses under the programmes such as B.Voc., B.Com. (Banking and Insurance), Management Studies, Information Technology etc. and through activities of research cell, IPR cell, Placement cell etc. Life skills are inculcated among students through numerous activities conducted under DLLE, NSS and NCC units. Residential camps, extension activities, social service and community development services are undertaken by these units. Through such initiatives the young minds are trained for equality, tolerance, harmony, environment conservation etc. social and life skills.

College has started to engage Professors of Practice as adjunct faculty members for teaching particular courses. The experts in the industry interact with students and teach them a part of curriculum which gives students exposure to market/ industry experiences.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

As most of the students enrolled in college come from villages/ towns in the surrounding areas of Devgad tehsil, the main language of communication is Malvani (dialect of Marathi) and Marathi. The teachers are trained for conducting classes in the medium of instruction as indicated by university and also English.

College organizes cultural programs and encourage students to participate in cultural competitions where they come across cultural diversity and learn to conserve and embrace local cultures. Research projects of regional interests are also undertaken by the faculty members.

College has successfully organized a state level competition 'Goshtrang' to rejuvenate the art of Story Telling.

Open library, essay competition, elocution competition, celebration of marathi bhasha gourav divas, celebration marathi rangbhumi din (Marathi theatre day) etc. initiatives of college can be identified as efforts towards integration of Indian Knowledge System.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

The college follows the curriculum of various programmes prescribed by Mumbai University. The curriculum has stated the expected outcomes and also prescribed evaluation system to assess the outcome

attainment of the learners.

Identification of COs of the curriculum and formative tests are conducted by all the departments. Students assessment for courses which include experiential learning, projects, field visits is based on the practical, project dissertation, visit reports etc.

College has started vocational courses having curriculum inclusive of 60% practical knowledge. In addition to the regular academic degrees, certificate courses to develop skills are being offered by various departments.

## 20.Distance education/online education:

During the pandemic situation and lockdown phase all the teaching - learning process was compelled to shift to the online education. Considering this as an opportunity to train the faculty members for online teaching and using online platforms, college has given training to faculty members to make use of Google Classroom for teaching, sharing study material and for internal tests.

A few certificate courses were partially conducted in online mode and the examinations were also conducted in online mode.

The college has started to expand its infrastructure compatible for offering distance/ online courses.

Bar coding of library is also an initiative towards making the library digitalization in phased manner.

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

In the beginning of academic year detailed timetable is prepared and weekly teaching-learning sessions are allotted. Tentative time slots for examinations, internal evaluation etc. along with co-curricular and extra-curricular activities are indicated in event calendar of the institution. Due to the pandemic situation and lockdown phase, the term arrangement of university, pattern and schedule of examination were unpredicted. College conducted the curriculum of first term of the academic year online through google meet, zoom etc. platforms while the examination was conducted in online mode as per the guidelines laid by university. Interrupted power supply and poor connectivity are barriers for us in conducting online live sessions. Recorded lectures, notes, supporting educational clips/ videos etc. were shared with students. As per instructions from principal, the teachers undertook online teaching but organizing online co-/extra-curricular sessions was a challenge. Online meetings of staff were conducted to decide the mode of instructions and evaluation etc.

After the lockdown, from November 2021 onwards, it was convenient to conduct the classes in offline mode abiding to university and government guidelines.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Owing to the continuation of the pandemic, the guidelines from University rescheduled exams of the previous year and commencements dates of various courses for the academic year. Consequently the college had to change its schedules including that of internal evaluation (CIE). However, college has taken necessary efforts to maintain the quality of education and evaluation. College exam unit has taken care of semester end examination and internal evaluations, assignments, projects, etc. were satisfactorily conducted.

Academic calendar was prepared in the beginning of academic year assuming the pandemic situation and lockdown phase. After lifting the lockdown restrictions, activities were conducted in physical mode on college campus. The examinations and internal evaluation were prioritized over the co-curricular and extra-curricular initiatives as per the university guidelines. Online tests, quizzes, seminars etc. were conducted as part of internal evaluation. Considering the pandemic situation, many of the activities were conducted online.

### 1.3 - Curriculum Enrichment

#### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

Curriculum for all faculties is inclusive of cross-cutting issues relevant to gender, environment and sustainability, human values, professional ethics etc. Foundation course, travel and tourism, professional ethics, environmental acts and rules, biodiversity conservation, human rights, Indian constitution etc. are a few modules in curriculum prescribed for various programmes. Curriculum enriched with the cross cutting issues are taught as a part of academics for value-based holistic development of students. Activities such as seminars, essay competitions, quiz, field visits etc. are organized. Women Development Cell conducts programs about Gender sensitization and equality, awareness sessions about Prevention, prohibition and reprisal of Sexual Harassment at work place act. College organizes guest lectures, webinars that help students in sensitization about environment, social issues etc.. Plastic waste collection drive, cleanliness drives, related activities are part of social service and community development activities of NCC and NSS. Participation of cadets in such activities makes them aware of environment conservation, social contribution and duties of responsible citizens. Nature club organizes programs related to conservation of wetlands, field visits etc. Sewage treatment plant, solar-power grid etc. green initiatives and organic farming competition are a few efforts of institute to inculcate good practices about cross cutting issues among students.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Departments use monitoring and mentoring to keep track of slow learners' progress. Along with teachers, some advanced learners are encouraged to mentor weak students who require extra coaching and help them with explanations and notes. Remedial classes and counseling are held and additional teaching is taken up if required. Department assesses learning levels of students in two ways at the time of commencement of program. Students enrolled in the department are identified as slow and advanced learners based on the marks obtained. This helps to identify slow learners and to design special coaching sessions or tutorial sessions to bridge the gap between the slow learners and advanced learners. Advanced learners and slow learners have identified as per their responses in the classroom as well as the performance in the Unit test, internal examinations. Following activities are done by teachers for students: Slow learners: Individual counseling, Remedial Coaching, Group discussion, class tests, internet facility, cultural and sports program participation

Advance learners: Seminar sessions, Participative learning, reserach projects, Group discussion sessions, cultural and sports program participation

In order to enhance their confidence level, the department conducts activities under different schemes such as NCC, DLLE, Cultural, and Sports to develop their overall personality.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The Covid-19 pandemic posed many hardships in teaching-learning process however it also served as an opportunity to explore the online methods of teaching. Many of the faculty members undertook online teaching for the first time. User-friendly platforms for faculty as well as students such as zoom, YouTube, Meet etc. were preferably used for conduct of online lectures. To make the learning experience effective, online study material such as Power Point presentations, animated video clips, charts, soft copy of study texts, videos etc. were developed and shared by faculty with the students. The practical courses also were conducted online and the assessment of practical also was conducted through online viva-voce as per guidelines received from University of Mumbai. These efforts offered participative and experimental learning experiences to the learners. Also, a few departments organized online guest lectures for enhancing their learning experience.

Also, field visits, internships, experiments in laboratory, student seminars were conducted when the lockdown restrictions were relaxed.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

During the academic year, due to pandemic all the teaching-learning process was undertaken through online mode. GoogleClassroom was preferred as LMS by the teachers. In addition, other online apps were used by teachers which are student friendly such as zoom, YouTube and WhatsApp etc. Videos of lectures/practical were created by teachers, notes, study material was shared with the students groups through GoogleClassroom, WhatsApp etc. To extend support for online teaching to teachers, special instructions were given to IT technician of college Mr. Yogesh Parkar. Also, the video lectures by the teachers were separately saved by Mr. Parkar. A few teachers created their own YouTube channels. Many of the teachers undertook FDPs, courses, workshops related to the ICT and pedagogy during the lockdown.

## 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Continuous Internal Evaluation (CIE) is seriously undertaken as a regular practice. Usually, various measures under CIE are undertaken. Class Tests help identify progress of students in academics. Mentors interact with mentees frequently informally and share with them valuable suggestions for their career development. Online class tests such as open book, multiple choice, surprise test etc. are conducted. All HODs held online or telephonic formal/ informal meetings to keep records of syllabus completion, mid term corrections if any, to address the problems faced by students or faculty and to track the progress of students. IQAC has framed CIE structure which was successfully implemented during 2019-20 and the same will be followed as the institute reopens after the lockdown. The online mode of teaching-learning process was a real hurdle to reach to students during the academic year. Academics and extra-curricular activities were hampered during the online teaching phase.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The college has functioning Examination Grievances Committee. Examination chairperson, examination clerk and examination committee members are members of Examination Grievances Committee. The cell meets to address the grievances related to examination whenever received. The cell follows a time-bound procedure to deal with the grievances as per the guidelines and regulations of

Mumbai University. The student who wishes to lodge the grievance related to college examination has to give application in writing with the details of his/ her issue with examination. The chairperson of the cell calls a meeting to discuss the matter. Based on the facts and circumstances, the issue raised by student is addressed. Till date no such grievance has been raised by any student in the academic year.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Programme and course outcomes for all Programmes offered by the institution are stated in the university curriculum. These are displayed on website and communicated to students and parents through college website, classroom discussion and during diksharambh program. They are communicated to the teachers during the departmental meetings and staff meetings, same is communicated to students at commencement of the academic year. Also, parents are made aware about the same during formal and informal Parent-Teacher meets.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

College evaluates the attainment of program outcomes and course outcomes by conventional direct system of semester end examination. Results of the university examinations are analysed. This also includes taking into account the rank holders at university level/ college level. In addition, each of the departments selects at least two assessable course outcomes for

the evaluation of their attainment. They are assessed by class tests/ internal test etc. For example, science department assesses the outcomes at the time of practical exams and research work. The commerce departments assess COs on the basis of problem solving skills. COs of BBI department are assessed on the feedback of the internships. CO/ PO attainment of IT, M.Sc. Physics etc. departments is done through assessment of project/ dissertation. The departments in humanities/ languages measure the attainment through development of certain skills such as filling maps, workbook etc.

But, it was difficult to reach to students to assess programme outcomes and course outcomes due to the lockdown phase. Completion of syllabus teaching, conduct of CIE and semester examinations were preferably undertaken during challenging scenario. Assessment of the same will be carried out smoothly in physical mode when the systems come back to normalcy after pandemic phase.

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

College has introduced and undertaken an initiative, 'Urmi: Be Visible', for girl students of college from academic year 2017-18. This initiative is intended to assist girls financially who aspire to be entrepreneurs. The scheme was successfully undertaken for successive three years. During lockdown phase of year 2021, it was decided to adjust the funds for Urmi for girls who wish to start farming on cooperative basis. College has admired and encouraged the girls who have come up with unique concept of group farming. To support their idea, college has assisted them financially and provided necessary mentoring through IQAC (Employer, Mr. Madhav Satam). Visits to previous years Urmi awardees was also undertaken by Entrepreneurship Development Cell. Students, who visited the start-ups of Urmi awardees (Poultry farm, Beauty parlor), were motivated.

Faculty members are encouraged to actively involve in research related to societal impact. Also, students are motivated to participate in research conventions. Awareness programs through IPR cell are conducted. Teachers publish research work in Journals, in conferences. To engage students with industries, college has signed MoU's with various organizations. Initiatives such as field/industry visits, skill development certificate courses, financial assistance for seminars etc. are helpful in creation and transfer of knowledge.

### INFRASTRUCTURE AND LEARNING RESOURCES

#### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

i) **Laboratories:** Laboratories for Chemistry, Physics, Botany, Environmental Science, Mathematics, Information Technology and Geography are in place. Laboratories are well equipped and fulfill

the university norms. To make optimum utilization of available infrastructure and space, the timetable for under graduate and post graduate courses is prepared. Physics, Chemistry and Environmental Science departments run both undergraduate and post graduate courses. The instruments and equipments are procured as per requirements and updated curriculum. Regular maintenance and repairs beyond the warranty period is done by the local service providers. ii) Library: Bookbank is made available for students where students get books on payment of nominal charges. The library provides reference books, journals, periodicals, computers to the students. The books are purchased according to revision of syllabus. iii) ICT infrastructure: Sufficient number of computers and internet facility for academic purpose is available on campus. Students use the computers to prepare projects, referencing, browsing study material etc. During Covid-19 lockdown phases, the examinations were conducted online. The institute extended the IT facilities to the students who were not in possession of mobiles or were facing connectivity issues. iv) Classrooms: Sufficient number of classrooms, seminar halls and laboratories with all the necessary facilities are in place. Due to lockdown phases during the year, the teaching-learning mode was online. Therefore, instead of physical classrooms, Google classroom, YouTube, zoom and Google meet etc. online teaching spaces were used.

**GOVERNANCE, LEADERSHIP AND MANAGEMENT**

**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

In line with Vision and Mission, the college is catering to youth in rural and remote region of Devgad tehsil through access to quality education at undergraduate, postgraduate levels across various streams. College through its various committees, ensures inclusion of every stakeholder in the decisions that affect them. The students, by and large, enrolling in the college belong to socio-economically and academically weak background.

Institution is committed to extend educational facilities and opportunities to learners to gain knowledge, skills, and values at affordable fee. College provides encouraging atmosphere inclusive of required academic and physical facilities for learners. Proper mobilization of financial resources towards infrastructure augmentation, institutional scholarships, research funding, sports and cultural activities is sanctioned by Governing Council (GC). Also, GC and CDC give valuable inputs to inculcate quality culture. For smooth functioning of academics and activities for holistic development, various committees are in place. Timely instructions to the HoDs and teachers are given by principal.

Class-wise students groups were created to circulate important notices regarding teaching, examination, extra-curricular activities etc. Also, a group of class representatives with principal, IQAC coordinator was created where they can give their suggestions.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Policies are prepared by CDC in consultation with the respective stakeholders and IQAC. Authority and accountability of administrative head of the institution, Principal, is shared with two Vice Principal. Participation of stakeholders in areas such as promotion, grievances, academic/ events planning and management etc. is ensured which empowers employees as a group and facilitates to enhance performance of organization.

Governing Council is the highest authority supported with CDC and Expert Committee. IQAC designs the strategies and their implantation is done through the professors. faculty members through statutory and non-statutory committees undertake various initiatives. The coordinators of various activities and schemes such as NSS, NCC, etc. discharge their duties independently in consultation with the Principal. Example: NCC parades and social development activities are conducted by associate NCC officer and care taker officer. They take orders from the commanding officer and implement those with the enrolled NCC cadets after seeking permission from principal. Also, student council actively works to help the students to be part of activities. The functioning of student council was not as efficeinet as expected during lockdown. Therefore, instead of student council, group of class representatives was made instrumental to reach to all classes during online mode of education.

**6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff**

College has formed a committee to review the career advancement scheme (CAS) proposals of the faculty members. As per the Mumbai University's Performance Based Assessment System PBAS, committee reviews the forms, documents submitted and ensures minimum requirements are met and submits a report. The same is reviewed by IQAC members and based of the compliance, application is approved for CAS by the principal.

IQAC has framed a form for self-financed teachers wherein information about individual accomplishments such as contribution in research, extra-curricular activities conducted, achievements etc. are recorded. Based on their contribution to college tasks, incentives are given on recommendation by GC.

The annual confidential report is used as appraisal tool for administrative staff. Suggestions for improvement are given in person, to the underperforming staff, if required. This report is a brief assessment of the yearly performance of the concerned staff.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The Institution has established a mechanism for conducting internal and external audits on the financial transactions every year to ensure financial compliance. External audit is conducted once in every year by an external agency.

The mechanisms used to monitor use of financial resources are the budget preparation, budget allocation, utilization for the funds for various academic, research and other activities of stake holders of college. Budget preparation includes probable expenses towards salary, maintenance, consumables, recurring charges and non - recurring expenses.

There are no audit objections as standard procedure of quotations,

comparison and order is followed for purchase.

Devgad College regularly conducts internal and external financial audits. It has a full-time administrative post to ensure maintenance of annual accounts and audits.

Chartered Accountant of the Institute conducts Internal and External Audit. This includes scrutiny of the following: (a) all receipts from fee, donations, grants, contributions, and interest earned and returns on investments; (b) all payments to staff, vendors, contractors, students and other service providers.

All observations/objections of CA are communicated through their report. These objections are examined. Chartered Accountant of the Institute conducts regular accounts audit and certifies its Annual Financial Statements. All Utilization Certificates to various grant giving agencies are also countersigned by the CA. All Financial Statements upto 2021-22 have been certified by the CA.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

College has functional IQAC in place and its composition as per NAAC guidelines. It continually takes quality initiatives for various academic and administrative activities of the institution. Taking into consideration, the need of ICT based teaching during pandemic and NEP, all the faculty members were given training to use GoogleClassroom effectively. IQAC facilitates the teachers and learners to adopt the technology for new ways of teaching-learning. Feedback from students and other stakeholders on curriculum was also recorded and the analysis was sent to BoS of various faculties in Mumbai University. Seminars, workshops on cross cutting issues such as Women Empowerment, Environment Conservation etc. were organized. IQAC periodically takes formal/informal review of documentation of the activities and gives suggestions to better the programs. IQAC prepares and timely submits the AQAR as per guidelines of NAAC. Also, participation in NIRF and data submission to AISHE is done on regular basis. Organic farming competition, online patriotic song competition, online guest lectures for students, stress management session for staff, expert session on NEP etc. initiatives were undertaken through guidance of IQAC. The examinations were required to be conducted online mode as per the notification from University. The required support for question paper setting and for evaluation was extended through college. Mock tests/ class test were conducted by faculty members for students' practice. Thus, result of examination in the academic year 2021-22 was almost 100%.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

IQAC and IT department of college took efforts to switch the entire process of teaching - learning and evaluation from offline to online mode during the lockdown phase. Necessary facilities, infrastructure, training and instructions were given to all the teachers and students. Survey of students to understand the availability smartphones/ laptops for online examinations was conducted by college. E-content generated by teachers such as

presentations, soft copy of study material, video lectures, YouTube channel links etc. were collected by IT technician and monitored by Principal. The syllabi, study material was made available in nearby gram panchayats so that the students who had network issues could continue learning. The syllabus and list of course outcomes was made available on website, shared on whastapp groups, google classroom etc. Online class tests as formative assessment of students were conducted. In the first half of 2022, certificate course were conducted on priority basis for students to break the academic stagnancy and to provide them employability skills.

Cultural events, seminars, cricket tournament for girls, professional development activities for teaching and administrative staff, vaccination drive, and augmentation in ICT facilities etc. initiatives mark the contribution of IQAC.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

College has installed a biogas plant as a green initiative in 2017-18. The degradable waste such as kitchen waste generated in mess and canteen etc. is fed to biogas gas plant to generate gas for cooking. During the lockdown phase, the hostels remained closed. Thus the plant remained non-operative. Process to purchase newtumbler compostor has been initiated.

College has installed a sewage treatment plat to process the gray water to water usable for irrigation of trees. The outlets of bathrooms of gents and ladies hostels and kitchen of the hostel mess on campus are connected to sewage treatment plant. During the lockdown phase, the plant remained non-operative due to insufficient feed.

Garden waste generated on campus is utilized to generate compost naturally for the coconut plantation and mango orchard attached to college.

Non-degradable solid waste is handed over to Nagar-Panchayat waste collection vehicle on daily basis.

Chemical contaminated water from chemistry laboratory is separately collected in a tank and prevented from letting it to other water bodies and soil.

Small quantum of bio-medical waste generated on campus in vocational course of Health Care is handed over to Spandan maternity hospital for disposal with which the college has signed MoU.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Practice I: Girl students' cooperative basis organic farming

To hold hands of youth coming forward with unconventional start-up and encourage ecosystem conservation practices of living

College has assisted girl students for start-ups through initiative 'Urmi'. 6 girls came forward with idea of organic farming on cooperative basis. Mr. Madhav Satam, IQAC member and innovative farmer, undertook responsibility to mentor girls and provided piece of his own farmland for students' initiative. Six girls worked in field to learn sustainable agriculture. They have grown variety of vegetables; revenue generated through yield was distributed among the group. HEIs in country side should take initiative to encourage students of agriculture as career option. College may support students financially and mentor them through collaborations.

### Practice II: Extended Organic Farming Competition

To widen span of organic farming to promote awareness about harmful effects of chemicals

Initiative extended for farmers in villages associated under Unnat Bharat Abhiyan. Details of competition were communicated. Timely monitoring of progress was done by experts. 78 farmers of which 19 were students, from Are, Salashi, Tirlot, Mithmumbai and Kunakeshwar, participated. Result of competition was declared in June 2022 and prizes to encourage the organic farming were given. Scheme was appreciated by ATMA, Sindhudurg.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The college is always at fore-front when it comes to conservation of heritage of biodiversity, environment, art and culture of the region. Devgad College Natyashakha has conducted a series of One Act Play events and competitions in previous years. Also, college has conducted plastic free campaigns and organic farming competitions. An effort towards a cause to conserve an age-old art of story-telling was undertaken by college in the academic year 2021-22. A state level competition of story-telling 'Goshtrang 2021' was organized by the college during the lockdown phase. The art of story-telling in Maharashtra has a rich cultural history. Renowned writers, artists, humourists like Mr. P.L.Deshpande, Mr. V.P.Kale, Mr. D.M.Mirasdar, Mr. Shankar Patil had substantial contribution to the story-writing and telling over a few decades. The pandemic affected the youth adversely and despoiled the opportunity to express their extra-curricular talent. To transform the challenge of lock down phase into opportunity, college has decided to conduct a virtual far-reaching story telling competition. The primary round was conducted during lockdown, November 2021, followed by final round in physical mode on college campus in March 2022. The competition attracted a good number of youth in the first ever such story-telling competition.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

In the beginning of academic year detailed timetable is prepared and weekly teaching-learning sessions are allotted. Tentative time slots for examinations, internal evaluation etc. along with co-curricular and extra-curricular activities are indicated in event calendar of the institution. Due to the pandemic situation and lockdown phase, the term arrangement of university, pattern and schedule of examination were unpredicted. College conducted the curriculum of first term of the academic year online through google meet, zoom etc. platforms while the examination was conducted in online mode as per the guidelines laid by university. Interrupted power supply and poor connectivity are barriers for us in conducting online live sessions. Recorded lectures, notes, supporting educational clips/ videos etc. were shared with students. As per instructions from principal, the teachers undertook online teaching but organizing online co-/extra-curricular sessions was a challenge. Online meetings of staff were conducted to decide the mode of instructions and evaluation etc. After the lockdown, from November 2021 onwards, it was convenient to conduct the classes in offline mode abiding to university and government guidelines.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Owing to the continuation of the pandemic, the guidelines from University rescheduled exams of the previous year and commencements dates of various courses for the academic year. Consequently the college had to change its schedules including that of internal evaluation (CIE). However, college has taken necessary efforts to maintain the quality of education and

evaluation. College exam unit has taken care of semester end examination and internal evaluations, assignments, projects, etc. were satisfactorily conducted.

Academic calendar was prepared in the beginning of academic year assuming the pandemic situation and lockdown phase. After lifting the lockdown restrictions, activities were conducted in physical mode on college campus. The examinations and internal evaluation were prioritized over the co-curricular and extra-curricular initiatives as per the university guidelines. Online tests, quizzes, seminars etc. were conducted as part of internal evaluation. Considering the pandemic situation, many of the activities were conducted online.

**1.3 - Curriculum Enrichment**

**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

Curriculum for all faculties is inclusive of cross-cutting issues relevant to gender, environment and sustainability,

human values, professional ethics etc. Foundation course, travel and tourism, professional ethics, environmental acts and rules, biodiversity conservation, human rights, Indian constitution etc. are a few modules in curriculum prescribed for various programmes. Curriculum enriched with the cross cutting issues are taught as a part of academics for value-based holistic development of students. Activities such as seminars, essay competitions, quiz, field visits etc. are organized. Women Development Cell conducts programs about Gender sensitization and equality, awareness sessions about Prevention, prohibition and reprisal of Sexual Harassment at work place act. College organizes guest lectures, webinars that help students in sensitization about environment, social issues etc.. Plastic waste collection drive, cleanliness drives, related activities are part of social service and community development activities of NCC and NSS. Participation of cadets in such activities makes them aware of environment conservation, social contribution and duties of responsible citizens. Nature club organizes programs related to conservation of wetlands, field visits etc. Sewage treatment plant, solar-power grid etc. green initiatives and organic farming competition are a few efforts of institute to inculcate good practices about cross cutting issues among students.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Departments use monitoring and mentoring to keep track of slow learners' progress. Along with teachers, some advanced learners are encouraged to mentor weak students who require extra coaching and help them with explanations and notes. Remedial classes and counseling are held and additional teaching is taken up if required. Department assesses learning levels of students in two ways at the time of commencement of program. Students enrolled in the department are identified as slow and advanced learners based on the marks obtained. This helps to identify slow learners and to design special coaching sessions or tutorial sessions to bridge the gap between the slow learners and advanced learners. Advanced learners and slow learners have identified as per their responses in the classroom as well as the performance in the Unit test, internal examinations. Following activities are done by teachers for students: Slow learners: Individual counseling, Remedial Coaching, Group discussion, class tests, internet facility, cultural and sports program participation

Advance learners: Seminar sessions, Participative learning, reserach projects, Group discussion sessions, cultural and sports program participation

In order to enhance their confidence level, the department conducts activities under different schemes such as NCC, DLLE, Cultural, and Sports to develop their overall personality.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The Covid-19 pandemic posed many hardships in teaching-learning process however it also served as an opportunity to explore the online methods of teaching. Many of the faculty members undertook online teaching for the first time. User-friendly platforms for faculty as well as students such as zoom, YouTube, Meet etc. were preferably used for conduct of online lectures. To make the learning experience effective, online study material such as Power Point presentations, animated video clips, charts, soft copy of study texts, videos etc. were developed and shared by faculty with the students. The practical courses also were conducted online and the assessment of practical also was conducted through online viva-voce as per guidelines received from University of Mumbai. These efforts offered participative and experimental learning experiences to the learners. Also, a few departments organized online guest lectures for enhancing their learning experience.

Also, field visits, internships, experiments in laboratory, student seminars were conducted when the lockdown restrictions were relaxed.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

During the academic year, due to pandemic all the teaching-

learning process was undertaken through online mode. GoogleClassroom was preferred as LMS by the teachers. In addition, other online apps were used by teachers which are student friendly such as zoom, YouTube and WhatsApp etc. Videos of lectures/ practical were created by teachers, notes, study material was shared with the students groups through GoogleClassroom, WhatsApp etc. To extend support for online teaching to teachers, special instructions were given to IT technician of college Mr. Yogesh Parkar. Also, the video lectures by the teachers were separately saved by Mr. Parkar. A few teachers created their own YouTube channels. Many of the teachers undertook FDPs, courses, workshops related to the ICT and pedagogy during the lockdown.

**2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Continuous Internal Evaluation (CIE) is seriously undertaken as a regular practice. Usually, various measures under CIE are undertaken. Class Tests help identify progress of students in academics. Mentors interact with mentees frequently informally and share with them valuable suggestions for their career development. Online class tests such as open book, multiple choice, surprise test etc. are conducted. All HODs held online or telephonic formal/ informal meetings to keep records of syllabus completion, mid term corrections if any, to address the problems faced by students or faculty and to track the progress of students. IQAC has framed CIE structure which was successfully implemented during 2019-20 and the same will be followed as the institute reopens after the lockdown. The online mode of teaching-learning process was a real hurdle to reach to students during the academic year. Academics and extra-curricular activities were hampered during the online teaching phase.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The college has functioning Examination Grievances Committee. Examination chairperson, examination clerk and examination committee members are members of Examination Grievances Committee. The cell meets to address the grievances related to examination whenever received. The cell follows a time-bound procedure to deal with the grievances as per the guidelines and regulations of Mumbai University. The student who wishes to lodge the grievance related to college examination has to give application in writing with the details of his/ her issue with examination. The chairperson of the cell calls a meeting to discuss the matter. Based on the facts and circumstances, the issue raised by student is addressed. Till date no such grievance has been raised by any student in the academic year.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Programme and course outcomes for all Programmes offered by the institution are stated in the university curriculum. These are displayed on website and communicated to students and parents through college website, classroom discussion and during diksharambh program. They are communicated to the teachers during the departmental meetings and staff meetings, same is communicated to students at commencement of the academic year. Also, parents are made aware about the same during formal and informal Parent- Teacher meets.

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

College evaluates the attainment of program outcomes and course outcomes by conventional direct system of semester end examination. Results of the university examinations are analysed. This also includes taking into account the rank holders at university level/ college level. In addition, each of the departments selects at least two assessable course outcomes for the evaluation of their attainment. They are assessed by class tests/ internal test etc. For example, science department assesses the outcomes at the time of practical exams and research work. The commerce departments assess COs on the basis of problem solving skills. COs of BBI department are assessed on the feedback of the internships. CO/ PO attainment of IT, M.Sc. Physics etc. departments is done through assessment of project/ dissertation. The departments in humanities/ languages measure the attainment through development of certain skills such as filling maps, workbook etc.

But, it was difficult to reach to students to assess programme outcomes and course outcomes due to the lockdown phase. Completion of syllabus teaching, conduct of CIE and semester examinations were preferably undertaken during challenging scenario. Assessment of the same will be carried out smoothly in physical mode when the systems come back to normalcy after pandemic phase.

<b>3.2 - Innovation Ecosystem</b>	
3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and	

transfer of knowledge

College has introduced and undertaken an initiative, 'Urmi: Be Visible', for girl students of college from academic year 2017-18. This initiative is intended to assist girls financially who aspire to be entrepreneurs. The scheme was successfully undertaken for successive three years. During lockdown phase of year 2021, it was decided to adjust the funds for Urmi for girls who wish to start farming on cooperative basis. College has admired and encouraged the girls who have came up with unique concept of group farming. To support their idea, college has assisted them financially and provided necessary mentoring through IQAC (Employer, Mr. Madhav Satam). Visits to previous years Urmi awardees was also undertaken by Entrepreneurship Development Cell. Students, who visited the start-ups of Urmi awardees (Poultry farm, Beauty parlor), were motivated.

Faculty members are encouraged to actively involve in research related to societal impact. Also, students are motivated to participate in research conventions. Awareness programs through IPR cell are conducted. Teachers publish research work in Journals, in conferences. To engage students with industries, college has signed MoU's with various organizations. Initiatives such as field/industry visits, skill development certificate courses, financial assistance for seminars etc. are helpful in creation and transfer of knowledge.

**INFRASTRUCTURE AND LEARNING RESOURCES**

**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

i) **Laboratories:** Laboratories for Chemistry, Physics, Botany, Environmental Science, Mathematics, Information Technology and Geography are in place. Laboratories are well equipped and fulfill the university norms. To make optimum utilization of available infrastructure and space, the timetable for under graduate and post graduate courses is prepared. Physics, Chemistry and Environmental Science departments run both undergraduate and post graduate courses. The instruments and equipments are procured as per requirements and updated curriculum. Regular maintenance and repairs beyond the warranty period is done by the local service providers. ii) **Library:** Bookbank is made available for students where students get books on payment of nominal charges. The library provides reference books, journals, periodicals, computers to the students. The books are purchased according to revision of syllabus. iii) **ICT infrastructure:** Sufficient number of computers and internet facility for academic purpose is available on campus. Students use the computers to prepare projects, referencing, browsing study material etc. During Covid-19 lockdown phases, the examinations were conducted online. The institute extended the IT facilities to the

students who were not in possession of mobiles or were facing connectivity issues. iv) Classrooms: Sufficient number of classrooms, seminar halls and laboratories with all the necessary facilities are in place. Due to lockdown phases during the year, the teaching-learning mode was online. Therefore, instead of physical classrooms, Google classroom, YouTube, zoom and Google meet etc. online teaching spaces were used.

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

In line with Vision and Mission, the college is catering to youth in rural and remote region of Devgad tehsil through access to quality education at undergraduate, postgraduate levels across various streams. College through its various committees, ensures inclusion of every stakeholder in the decisions that affect them. The students, by and large, enrolling in the college belong to socio-economically and academically weak background. Institution is committed to extend educational facilities and opportunities to learners to gain knowledge, skills, and values at affordable fee. College provides encouraging atmosphere inclusive of required academic and physical facilities for learners. Proper mobilization of financial resources towards infrastructure augmentation, institutional scholarships, research funding, sports and cultural activities is sanctioned by Governing Council (GC). Also, GC and CDC give valuable inputs to inculcate quality culture. For smooth functioning of academics and activities for holistic development, various committees are in place. Timely instructions to the HoDs and teachers are given by principal.

Class-wise students groups were created to circulate important notices regarding teaching, examination, extra-curricular activities etc. Also, a group of class representatives with principal, IQAC coordinator was created where they can give

their suggestions.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Policies are prepared by CDC in consultation with the respective stakeholders and IQAC. Authority and accountability of administrative head of the institution, Principal, is shared with two Vice Principal. Participation of stakeholders in areas such as promotion, grievances, academic/ events planning and management etc. is ensured which empowers employees as a group and facilitates to enhance performance of organization.

Governing Council is the highest authority supported with CDC and Expert Committee. IQAC designs the strategies and their implantation is done through the professors. faculty members through statutory and non-statutory committees undertake various initiatives. The coordinators of various activities and schemes such as NSS, NCC, etc. discharge their duties independently in consultation with the Principal. Example: NCC parades and social development activities are conducted by associate NCC officer and care taker officer. They take orders from the commanding officer and implement those with the enrolled NCC cadets after seeking permission from principal. Also, student council actively works to help the students to be part of activities. The functioning of student council was not as efficient as expected during lockdown. Therefore, instead of student council, group of class representatives was made instrumental to reach to all classes during online mode of education.

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

IQAC has prepared and shared the perspective plan of college with its stakeholder in the beginning of year. The plan has focused areas such as improvement in physical and academic facilities, promotion of research, conservation of environment etc. The plan was prepared by the IQAC by taking into consideration the insights of CDC, GC and expert committee. Being academic leader in the region, college has always undertaken activities of interest of the local community. Construction of classroom and laboratories, upgradation in ICT facilities will be undertaken by the college administration and governing council (GC). Research cell, CWDC, Cultural department, NCC unit have conducted a variety of activities and events which are of importance as far as local community, cross cutting issues and students development are concerned.

IQAC has taken initiatives such as participation in NIRF, seminar on NEP, professional development session etc. as stated in perspective plan. Also, certificate courses for skill development of students required for employability were conducted by various departments.

It was ensured by IQAC and the principal that perspective plan has been effectively deployed to maximum extent.

### 6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Meetings of the Governing Council (GC) of the Shikshan Vikas Mandal, Devgad, parent institution, are regularly held in year as per rules. College Development Committee (CDC) constituted as per Maharashtra Universities Act 2016. CDC is policy making body to take crucial decisions on academic, administrative and infrastructural development of college on behalf of GC. CDC itself works as Grievance Redressal Cell when necessary. IQAC

plays key role in establishing quality culture in curricular, research and extra-curricular activities as well as administrative processes. Meetings of IQAC are held during year to discuss matters of importance and to ensure implementation of the initiatives. College has constituted Internal Complaint Committee (ICC), Anti Ragging Cell as per State Government regulations. RTI cell is in place as per guidelines of Department of Higher Education, State Govt. Matters related to exam grievances are taken care of by examination grievances cell. Minutes of departmental meetings of various committees are also maintained.

Appointments as per regulations of UGC, University and State Govt. are done. Also, with sanction from GC, appointments of teachers and supporting staff of self-financed courses as per workload are done.

RTI and ICC committees, facilities for divyangjan, notices for students are displayed on the campus and college website also.

#### 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The Institution has established a mechanism for conducting internal and external audits on the financial transactions every year to ensure financial compliance. External audit is conducted once in every year by an external agency.

The mechanisms used to monitor use of financial resources are the budget preparation, budget allocation, utilization for the funds for various academic, research and other activities of stake holders of college. Budget preparation includes probable expenses towards salary, maintenance, consumables, recurring charges and non - recurring expenses.

There are no audit objections as standard procedure of quotations, comparison and order is followed for purchase.

Devgad College regularly conducts internal and external financial audits. It has a full-time administrative post to ensure maintenance of annual accounts and audits.

Chartered Accountant of the Institute conducts Internal and External Audit. This includes scrutiny of the following: (a) all receipts from fee, donations, grants, contributions, and interest earned and returns on investments; (b) all payments to staff, vendors, contractors, students and other service providers.

All observations/objections of CA are communicated through their report. These objections are examined. Chartered Accountant of the Institute conducts regular accounts audit and certifies its Annual Financial Statements. All Utilization Certificates to various grant giving agencies are also countersigned by the CA. All Financial Statements upto 2021-22 have been certified by the CA.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

College has functional IQAC in place and its composition as per NAAC guidelines. It continually takes quality initiatives for various academic and administrative activities of the institution. Taking into consideration, the need of ICT based teaching during pandemic and NEP, all the faculty members were given training to use Google Classroom effectively. IQAC facilitates the teachers and learners to adopt the technology for new ways of teaching-learning. Feedback from students and other stakeholders on curriculum was also recorded and the analysis was sent to BoS of various faculties in Mumbai University. Seminars, workshops on cross cutting issues such as Women Empowerment, Environment Conservation etc. were organized. IQAC periodically takes formal/ informal review of documentation of the activities and gives suggestions to better the programs. IQAC prepares and timely submits the AQAR as per guidelines of NAAC. Also, participation in NIRF and data submission to AISHE is done on regular basis. Organic farming competition, online patriotic song competition, online guest lectures for students, stress management session for staff, expert session on NEP etc. initiatives were undertaken through guidance of IQAC. The examinations were required to be conducted online mode as per the notification from University. The required support for question paper setting and for evaluation was extended through college. Mock tests/ class test were conducted by faculty members for students' practice. Thus,

result of examination in the academic year 2021-22 was almost 100%.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

IQAC and IT department of college took efforts to switch the entire process of teaching - learning and evaluation from offline to online mode during the lockdown phase. Necessary facilities, infrastructure, training and instructions were given to all the teachers and students. Survey of students to understand the availability smartphones/ laptops for online examinations was conducted by college. E-content generated by teachers such as presentations, soft copy of study material, video lectures, YouTube channel links etc. were collected by IT technician and monitored by Principal. The syllabi, study material was made available in nearby gram panchayats so that the students who had network issues could continue learning. The syllabus and list of course outcomes was made available on website, shared on whastapp groups, google classroom etc. Online class tests as formative assessment of students were conducted. In the first half of 2022, certificate course were conducted on priority basis for students to break the academic stagnancy and to provide them employability skills.

Cultural events, seminars, cricket tournament for girls, professional development activities for teaching and administrative staff, vaccination drive, and augmentation in ICT facilities etc. initiatives mark the contribution of IQAC.

**7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management**

College has installed a biogas plant as a green initiative in 2017-18. The degradable waste such as kitchen waste generated in mess and canteen etc. is fed to biogas gas plant to generate gas for cooking. During the lockdown phase, the hostels remained closed. Thus the plant remained non-operative. Process to purchase new tumbler composter has been initiated.

College has installed a sewage treatment plant to process the

gray water to water usable for irrigation of trees. The outlets of bathrooms of gents and ladies hostels and kitchen of the hostel mess on campus are connected to sewage treatment plant. During the lockdown phase, the plant remained non-operative due to insufficient feed.

Garden waste generated on campus is utilized to generate compost naturally for the coconut plantation and mango orchard attached to college.

Non-degradable solid waste is handed over to Nagar-Panchayat waste collection vehicle on daily basis.

Chemical contaminated water from chemistry laboratory is separately collected in a tank and prevented from letting it to other water bodies and soil.

Small quantum of bio-medical waste generated on campus in vocational course of Health Care is handed over to Spandan maternity hospital for disposal with which the college has signed MoU.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

### Practice I: Girl students' cooperative basis organic farming

To hold hands of youth coming forward with unconventional start-up and encourage ecosystem conservation practices of living

College has assisted girl students for start-ups through initiative 'Urmi'. 6 girls came forward with idea of organic farming on cooperative basis. Mr. Madhav Satam, IQAC member and innovative farmer, undertook responsibility to mentor girls and provided piece of his own farmland for students' initiative. Six girls worked in field to learn sustainable agriculture. They have grown variety of vegetables; revenue generated through yield was distributed among the group. HEIs in country side should take initiative to encourage students of agriculture as career option. College may support students

financially and mentor them through collaborations.

#### Practice II:Extended Organic Farming Competition

To widen span of organic farming to promote awareness about harmful effects of chemicals

Initiative extended for farmers in villages associated under Unnat Bharat Abhiyan. Details of competition were communicated. Timely monitoring of progress was done by experts.78 farmers of which 19 were students, from Are, Salashi, Tirlot, Mithmumbai and Kunakeshwar, participated. Result of competition was declared in June 2022 and prizes to encourage the organic farming were given.Scheme was appreciated by ATMA, Sindhudurg.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The college is always at fore-front when it comes to conservation of heritage of biodiversity, environment, art and culture of the region. Devgad College Natyashakha has conducted a series of One Act Play events and competitions in previous years. Also, college has conducted plastic free campaigns andorganic farmingcompetitions. An effort towards a cause to conserve an age-old art of story-telling was undertaken by college in the academic year 2021-22. A state level competition of story-telling 'Goshtrang 2021' was organized by the college during the lockdown phase. The art of story-telling in Maharashtra has a rich cultural history. Renowned writers, artists, humourists like Mr. P.L.Deshpande, Mr. V.P.Kale, Mr. D.M.Mirasdar, Mr. Shankar Patil had substantial contribution to the story-writing and telling over a few decades. The pandemic affected the youth adversely and despoiled the opportunity to express their extra-curricular talent. To transform the challenge of lock down phase into opportunity, college has decided to conduct a virtual far-reaching story telling

competition. The primary round was conducted during lockdown, November 2021, followed by final round in physical mode on college campus in March 2022. The competition attracted a good number of youth in the first ever such story-telling competition.

### 7.3.2 - Plan of action for the next academic year

To make all departments/ classrooms ICT enabled by academic year 2022-23.

To strengthen research culture among students and teachers through financial support to self-financed faculties by increasing budgetary provision for institute funded research projects and incentivize publications.

To train teachers to make use of Google Workspace effectively and to incorporate ICT based teaching learning techniques

To offer skill based certificate courses

To make available platforms for student's talent in extra-curricular activities and to make additional budgetary provision for the same.

To continue the initiative 'Goshtrang' (State Level Story-telling Competition) to rejuvenate the regional art of storytelling which is on the verge of vanishing.

Quality initiative: To conduct workshop on New Education Policy 2020 for the benefit of academic fraternity in the region.
