Report On

UGC Sponsored Two Days National Conference on
**“Recent Analytical Techniques in Quality Control of Food,
Beverages and Natural Products”**

Organized by

Department of Chemistry

On

December 18 and 19, 2015.

Foreword

Recent research work in the field of chemistry with respect to analytical techniques has provided a secure and quality life to human being. As a result of continuous research in chemistry especially in the field of analytical so many new avenues have developed at the interface of traditional chemistry. The core intent of this conference is to transmit recent and innovative research work in the vicinity of modern analytical techniques among every individuals. Quality – in never an accident, it should be an intelligent's effort. The broad aim of the conference is to inculcate the modern and recent analytical techniques used to maintain the quality in the area of food, beverages and natural products. Our prime aim is to bring eminent personalities from academics, research institutes as well as leading industries in the said fields under a roof so as to illuminate the recent development among the participants. The conference broadly covers

- Food Chemistry
- Chemistry of Beverages
- Chemistry of Natural Products
- Drug and Pharmaceutical Chemistry
- Green Chemistry
- Cosmetic Chemistry
- Synthetic Chemistry
- Analytical and Industrial Chemistry

In seeking to achieve the objectives and to cover above areas of research in Chemistry, we adopted an intensive audience participative approach both in our plenary and parallel sessions. We were very fortunate to have had the benefit of the expertise of a range of high caliber speakers and particularly honored to have Dr. Sanjay Deshmukh, Vice-Chancellor, University of Mumbai give us truly inspirational thoughts in his addresses.

The centerpiece of our parallel sessions was a series of generating new horizons in related issues sessions led by very capable resource persons: with the emphasis on developing and sharing new ideas rather than gathering opinions.

That our conference was successful in achieving all of the objectives which was set out for it is borne out in this report of the proceedings and outcomes. The challenges now for all of us is to embrace the new ideas and approaches so eloquently anticipated during the course of the conference and set out in this report.

Prof. V.D. Balwan, Convener and
Head of Chemistry Department

SHIKSHAN VIKAS MANDAL'S

Shri. S.H.Kelkar college of Arts, Commerce and Science

Devgad – Sindhudurg.

UGC Sponsored Two Days National Conference on

“Recent Analytical Techniques in Quality Control of Food, Beverages and Natural Products”

Organized by Department of Chemistry

On December 18 and 19, 2015.

Inauguration Programme, December 18, 2015 at 10.30 am

- Welcome and Introduction : Dr. B N Bhosale, Hon'ble Principal
- Address by : Mrs. Trupti Parkar, Hon'ble Chairperson,
Shikshan Vikas Mandal
- Presidential Comments: Shri. Janardan Teli, Hon'ble President
Shikshan Vikas Mandal
- Plenary Session: Dr. Sanjayji Deshmukh
Hon'ble Vice Chancellor, University of Mumbai
- Keynote Address: Prof. Dr. Atul Bedekar, Director, Interface- Centre for
Industry Academia Interaction, Pune.
- Vote of Thanks : Prof. Mrs. V D Balwan, Conference Convener, HoD Chemistry
- Inaugural session was followed by briefing on the conference programme: Dr. G T
Parulekar, Conference Secretary
